Assignment 5
Create one domentional array
Array: [10 20 30 40 50]
Size and dimention of array
Number of elements: 5
Dimension: 1
Create 2 dimentional array
2-D Array:
[[10 20 30]
[40 50 60]]
Basic operations on array
Array: [10 20 30 40 50]
Addition: [15 25 35 45 55]
Subtraction: [5 15 25 35 45]
Multiplication: [20 40 60 80 100]
Division: [5. 10. 15. 20. 25.]
Indexing of array
First element: 10
Third element: 30
Last element: 50
Slicing of array
First three elements: [10 20 30]
Elements from index 2: [30 40 50]

Last element: 50
Slicing of array
First three elements: [10 20 30]
Elements from index 2: [30 40 50]
Mathematical and statistical operations
Marks: [10 20 30 40 50]
Sum: 150
Mean: 30.0
Maximum: 50
Minimum: 10
Marks: [65 70 75 80 85]
Number of elements: 5
Dimension: 1
Marks + 5: [70 75 80 85 90]
Marks * 2: [130 140 150 160 170]
Total Marks: 375
Average Marks: 75.0
Maximum Marks: 85
Minimum Marks: 65
